Hello Marc,

The prices I have from my suppliers can't be guaranteed for usually more than 6 months since they are subject to available supply and any active promotional offers at the time of purchase, so I'll need a signed contract as soon as possible with a down payment for the entire lighting package by June at the latest for the price of \$25.5k to remain valid. Afterwards, I'll need to re-submit a bid with numbers, lighting types, or both adjusted.

As of now, this is the breakdown of prices:

-104ct of LED 4ft tandem surface mount fixtures: \$9,360

-41ct of LED 2x4 drop-in troffers: \$4,920

-8ct LED emergency/exit combo fixtures: \$560

-25ct LED PAR30 flood lamps: \$275

-scissor lift rental for approx. 1 week: \$1,100

-labor: \$9,285

Please let me know what else you require from me.

Thanks,

Shaun Mason
